## LOCAL NEWS.

**NOMINATIONS OF DISTRICT SCHOOL TRUSTEES.**—The Superintendent of Public Schools for the city and county of Alexandria, has, at the request of the Superintendent of Public Instruction, nominated to the Board of Education three gentlemen from each ward of the city, and three each from Jefferson and Arlington townships, in the county, to be appointed District School Trustees under the new law to establish a system of public free schools. The persons nominated have been carefully chosen and are all gentlemen of high standing and, in most cases, of liberal education. Each board will have charge of all the schools in its district, with power to build or lease school houses, appoint teachers &c. As soon as the appointments are made by the Board of Education, the names of the gentlemen selected will be published. Nominations for the district comprising Washington township will not be made until the Superintendent obtains more accurate information concerning the relative fitness of various gentlemen in that district whose names have been suggested to him.

**CORPORATION COURT.**—The quarterly term of the Corporation Court will commence on Monday next, the 10th inst. The case of Jas. Boswell for the murder of a little colored girl will be tried at this term. The following is a list of the jurors drawn to serve during the term:—Henry Slaymaker, George Stiner, Jno. Campbell, Michael Bossart, Charles Grimes, Jas. D. Adams, Jas. McLean, B. F. Bruner, Samuel Boush, W. W. White, Harrison Apich, John G. Adams, John Lannon, H. S. W. Barker, Henry Callan, James Beach, Jas. Briggs, Thomas Lawson, J. C. Milburn, Carlin Creighton, Robt. Prettyman, J. J. Jamieson, James Monroe, J. E. Douglass, Isaac Swartz, Samuel Harper, E. L. Tolson.

The following are the grand jurors for the term:—Chas. M. Taylor, J. H. D. Smoot, Emanuel Francis, T. A. Waters, W. H. Muir, Jas. E. McGraw, R. I. Edlin, Harrison Jacobs, W. C. Richards, Isaac Eichburg, John A. Field, Robert L. Wood, C. C. Berry, Peter G. Henderson, J. W. Hollinsbury, C. C. Bradley, E. J. Lloyd, John A. Dixon.

**UNIVERSITY OF VIRGINIA.**—In consequence of the damage caused to the various railroads communicating with this Institution, the arrival of students has been delayed, and the Faculty have determined to postpone commencement exercises for several days. The regular course of lectures will be entered upon on Monday next, the duties of the present week having been mainly confined to the work of organizing the classes in the various schools. The number of matriculates up to Wednesday night was 250, while there were about 80 students present, ready to enter the college. A large crowd of students passed up on the Chesapeake & Ohio railroad yesterday, and a very large attendance may be confidently expected.

**ESCAPE OF A CONVICT.**—A colored man, an escaped convict from the penitentiary, supposed to be named Lockett, imprisoned for horse theft, was arrested here this evening in a house on Washington street, near Wilkes, by policemen Smith and Walker. He was armed with a razor and revolver, and though instantly relieved of the first, managed to effect his escape from a rear window. He was shot at once by officer Smith, but without effect, and he snatched his pistol twice at officer Walker.

**WORKINGMEN'S MEETING.**—A meeting of the workingmen of the 1st Ward was held at No. 41 1/2 King street last night, A. G. Fare in the Chair and William Bird, Secretary, for the purpose of organizing a workingmen's club. The object of the meeting was effected, A. G. Fare elected President, and a committee appointed to draft a constitution and set of by-laws. The meeting then adjourned to next Wednesday night, when it will reassemble at the same place.

**CORPORATION LAWS.**—An effort will be made at the next meeting of the City Council, next Tuesday night, to have an appropriation made for the codification and publication of the laws of the Corporation, and it is hoped that the effort will prove successful, for it is almost impossible now to find a copy of the city ordinances, and when found, it is a harder matter to determine whether any particular law has been repealed or not.

**THE WEATHER.**—A sudden change in the weather occurred yesterday evening, and fires and overcoats were by no means uncomfortable this morning. Such variations in the temperature are exceedingly provocative of sickness, and should always be received with an appropriate change of clothing. Many a cold that has proved fatal could have been prevented by a thicker coat or a warmer shawl.

**TO ADVERTISERS.**—Advertisements sent without any order as to the number of times to be inserted, or marked to go in until otherwise ordered—(t)—are continued until stopped by the advertiser, and charged accordingly. It is important for us to know how long the advertiser wished or intended the advertisement to be published, and we should not be forced to lose an account of his failure or neglect.

**CANAL NAVIGATION.**—Intelligence received at the office of the American Coal Company, in this city, is to the effect that the chief breaks in the line of the Chesapeake and Ohio Canal, caused by the late flood, are at Harper's Ferry and on the Georgetown level. A large force is employed in making the necessary repairs, and navigation will, it is now supposed, be resumed between the 22d and 25th inst.

**BAD PAYMENTS.**—By reference to a notice in another column of to-day's paper, it will be seen that the Superintendent of Police has notified owners of property, the side walks in front of which require repairs, to have the necessary work done by the 29th inst., or make up their minds to stand the consequences.

**A SWINDLER.**—J. B. Bennett, the man who was in this city some months ago engaged in selling bogus patent rights for a labor-saving machine, and who effected a swindle here upon Messrs. Swain and Boynton, has been carrying on the same game successfully in the State of Iowa.

**EXCURSION.**—A large number of colored persons made an excursion on Wednesday night to Richmond, by railroad. In Richmond they were hospitably entertained by their brethren, had a procession &c. They returned last night.

**THE NORFOLK LINE.**—The steamer Lady of the Lake having escaped the blockade at Georgetown, caused by the obstruction afforded by the Lone Bridge, arrived here yesterday evening and resumed her trips to Norfolk.

**WYMAN.**—The tricks, ventriloquism and prizes of Mr. Wyman drew a large crowd to Liberty Hall last night. Tommy was as entertaining as ever, and the gifts numerous and valuable.

**Local Brevities.**

The steamer City of Alexandria made an extra special trip to Washington last night, for the accommodation of those who desired to visit the places of amusement now open in that city.

We are indebted to Captain Ellis L. Price for a copy of the United States Chronicle, a paper printed in Providence, Aug. 7th, 1874.

Muskrats for some days have been abundant in the market—properly prepared they are considered by some to be superior to oysters.

**POLICE REPORT.**—As usual there was nothing to report at police headquarters this morning. The police reports of Alexandria have always compared favorably with that of other cities of the same size, but since the adoption of the new system it seems that where, it was thought there was hardly need for it, an improvement has been effected. It seems almost impossible that in these days of unbridled license whole days should elapse in a city of 14,000 inhabitants without the occurrence of a single case sufficient to warrant an arrest, and yet such days of immunity from offenses frequently occur here.

**MAYOR'S OFFICE.**—Martha Butler, colored, arrested yesterday, for disorderly conduct, in default of the payment of the imposed fine, was committed to the work house for 60 days.

Charles Lee, on complaint of Daphne James, both colored, for disorderly conduct, was fined and discharged.

**NIGHT REPORT.**—Night cloudy and cold, with a strong breeze blowing from the north-east. There were no disturbances and no arrests, and the streets were very quiet.

**W. H. TREAKE,** at his oyster house, 180 King street, keeps fresh oysters, large and small, and sells them cheaper than any other house in the city. All orders from country or town promptly attended to. oct 7-11

**OYSTERS.**—Fresh, fine oysters received every day at Owens & Co.'s oyster establishment, lower end of King street. All orders supplied. oct 7-11

**CHARLES WHITTLESEY,**  
U. S. COMMISSIONER,  
AND  
ATTORNEY AND COUNSELLOR IN  
BANKRUPTCY.

Congress having just amended the Bankrupt law so that nearly all parties can be discharged from their debts unobstructed by the fifty per cent clause, in connection with the Homestead exemption, which is the most effective and permanent measure of relief. The above-named will make bankrupt business a specialty; will procure discharges on the most moderate terms, and transact all business in that line of affairs which cannot fail to be satisfactory. Being U. S. Commissioner, he will endeavor to visit the different counties on court days, and thus save parties the trouble and expense of several trips to Alexandria in beginning and proceeding with their cases. Discharges can be obtained here before Register Hill as promptly as in Richmond or elsewhere, and at much less expense to parties. It may be added that the Bankrupt law, in connection with the Homestead exemption, which it is now believed will be secured to the bankrupt under the bankrupt law, is the only relief now offered to parties struggling in the hopeless bondage of old debts. Address personally or by letter at No. 12 south Royal street, Alexandria, [13] 15-17

**BREAD AND CAKES.**

The citizens of Alexandria and immediate vicinity are informed that they can always procure at No. 60 KING STREET, corner of Fairfax, in quantities to suit, all kinds of BREAD AND CAKES, made from the choicest brands of flour and by the most expert bakers.

The proprietor solicits a trial of his manufactures, and is confident that those who once buy of him will continue their patronage.

## TELEGRAPH NEWS.

[SPECIAL DISPATCHES TO THE GAZETTE.]

## FOREIGN NEWS.

**LONDON, Oct. 7.**—A Prussian guard is north of Paris between the canal de Loquain and the North railway.

On its right is stationed the Fourth corps and on its left the Twelfth corps.

To the pioneers of the Prussian guard has been assigned the task of diverting the waters of canal de Loquain to the Moree river. The stream falls into the Seine some miles below Paris. Should the Prussians succeed in the design one source of the water supply of the besieged will be cut off.

The Prussians guard are nearly all in position before Paris, and bombardment will be commenced from all the batteries simultaneously the moment the arrangements are perfected.

The French fortresses of Belfort, Schlestadt and New Breisch are to be attacked at once.

The captors of Toul have been charged with the duty of taking Soissons.

The Prussians have secured the provinces of Marne, Orleans and Picardy without finding any traces of new French levies.

The Prussians have evacuated Mulhouse, marching towards Altkirch.

**BRUSSELS, Oct. 7.**—There are symptoms of a revolt among the prisoners confined at Herk. The Belgian rifles have been sent there as a temporary precautionary measure, and the prisoners will be distributed among the different fortresses as soon as possible.

**LONDON, Oct. 7.**—The Germans have occupied in force Pacy and Verone, small towns in the department of Evre. They were vigorously, but ineffectually opposed by the Nationals.

A dispatch from Vendome, a town in the department of Loire et Cher, dated 6 o'clock last evening, has the following:

"The Prussians have been driven from Janville, Toury and the neighboring villages in the department of Evre-et-Loire. The French captured twenty prisoners, including one of Prince Albert's courtiers.

The road between this place, Vendome and Toury is thronged with Nationals.

There is much enthusiasm in this section of France.

**LONDON, Oct. 7.**—Pietro, formerly prefect of Police at Paris, to-day, published, in the name of the Emperor, a repudiation of the Wilhelmshohe manifesto.

**LONDON, Oct. 7.**—A report in the Journal Official states that all the Mobiles have passports, and that 200,000 muskets of different kinds have been distributed among the Nationals. There are still 10,000 on hand. The paper contains two pages of extracts from Prefects replies to a letter addressed to them at the commencement of July by the Minister of the Interior, asking for a report upon the feeling of the country about the war.

These extracts show that in the opinion of the Prefects the nation was prepared to support the policy of the Government but was not enthusiastic for war.

On Sunday evening news of the fall of Strasbourg and Toul was received by the Government, and this morning it was made public.

"In falling," said M. Gambetta, they cast a glance towards Paris to affirm once more the unity and durability of the Republic, and they leave us as a legacy the duty to deliver them and the honor to avenge them."

The boulevard were crowded, and everyone was astonished. Many refused to credit the news.

A Lecture Libre proposes to meet the emergency by sending virile missionaries into the provinces to organize a levy en masse "and drive from our territory the impious hordes which are over-running it."

All kinds of reports are believed as credulously as ever.

A special to the N. Y. Herald from Clermont says: The Guards Mobile has no artillery, while every German force of 500 has a proportionate number of field-guns. The Mobiles are discouraged, and as far as I have seen, are anxious for a stoppage of the war.

The Prussians will form a second complete cordon around Paris about thirty leagues outside the one now surrounding the capital.

It is evident that between Rouen and Clermont, within a day or two hence a more serious engagement will take place between the Mobiles and the German troops than any that has yet occurred. The former are moving up masses of troops from all points outside to occupy the north of Picardy and the east of Normandy, the orders from Paris and Tours being to prevent the formation of the second cordon at any cost; but the hope of a successful defence of any of the towns in the north and northwest of France seems utterly unwarranted in the present broken condition of the scattered forces.

The column in the Place Vendome is daily bombarded by indignant patriots, who demand that it shall be razed, and the metal of the statue and bas-reliefs be melted into cannon. The statue of Napoleon I, is concealed in order to preserve it.

The newspapers are beginning to clamor for sorties.

**From Cincinnati.**

**CINCINNATI, O., Oct. 6.**—The delegates to the Congressional Convention of the Sixth Kentucky District assembled at Newport to-day, pursuant to adjournment.

The friends of Judge Wm. E. Arthur and Hon. Thomas L. Jones met in separate halls. All efforts to secure a satisfactory adjustment of the differences failed. The two wings nominated their respective candidates.

The attendance at the Industrial exposition to-day was about 15,000 persons.

## SPECIAL NOTICES.

## BEAR IN MIND.

When disease has undermined the health, and the physical system has become prostrated, a stimulant that will not only strengthen, but remove the cause, should be immediately resorted to. Mental distress is also a fruitful source of the breaking down of the constitution, and the ravages of this enemy to health are truly alarming. For all such maladies Hostetter's Stomach Bitters have been long and successfully employed directly upon the digestive organs, they remove the heavy, disagreeable feeling after eating, so often complained of by persons of a delicate temperament. As soon as digestion is restored, the patient finds his strength increasing, and his general health improving.

Thousands of persons testify that it may be relied on in all cases of weakness or nervous debility attendant upon sedentary habits. The faculty of Bitters are so disagreeable to the taste that they are objectionable to a weak stomach. This is the case with Hostetter's Bitters, which will be found mild and extremely pleasant. Balaemic plants, barks and roots contribute their restorative juices to render it soothing and strengthening. Its basis is the only pure stimulant ever known, and it is not produced, containing no *fast oil*, or any other deleterious element. The most careful and skillful chemists have analyzed the Bitters and pronounced them harmless. This is scientific testimony; but the testimony of the hundreds of suffering persons who have experienced the restorative and curative effects of the GREAT VEGETABLE TONIC and ALTERNATIVE of modern times is still more conclusive. In Fever and Ague, Dyspepsia, Bilio-nervous, Nervous Complaints, Chronic Constipation and general debility it is as positively infallible as anything in this fallible world can be. oct 3-601w

**BARK, HERBS AND ROOTS.**

The base of Sponer's "Standard Wine Bitters" is his celebrated Wine, in which are steeped Rhenish Bark, Chamomile, Sassafras, Snake Root, Ginger, &c. It is pleasant to the taste, and far superior to anything in the form of tonic now before the public. They are simply his own Wine, made bitter by the infusion of herbs and roots, above enumerated. oct 3-1w

**ADVICE IN SEASON.**

All persons residing in these misanthropic regions should be wise, and guard against the malarial fevers of autumn. To do this effectually, let them use, as we have done, Charles G. Davis' "Wine Bitters."

For sale by all druggists and grocers. oct 3-1w
